## REMARKS

Reconsideration of the patent term adjustment under 35 U.S.C. § 154(b) is requested. An Issue Notification for U.S. Patent No. 6,875,952 with a term adjustment of 312 days was mailed on March 16, 2005, and a copy of the Notification is included herewith as Exhibit A. Correction of the patent term adjustment to subtract 121 days to the patent term as shown below is respectfully requested. There are no fee charges associated with this request to reduce the patent Term Adjustment. Please charge any additional fee required or credit for any excess fee paid to Deposit Account No. 23-1925. A duplicate copy of this Petition is attached.

The patent term adjustment for U.S. Patent No. 6,875,952 is calculated as shown below. Dates are specified based on the Patent Application Information Retrieval (PAIR) system Patent Term Adjustment History, attached as Exhibit B. Please note that the corresponding to be issued U.S. Patent is not subject to a terminal disclaimer.

### Period of adjustment under 37 C.F.R. § 1.703

The period of adjustment under 37 C.F.R. § 1.703(a) is the number of days in the period beginning on the day ("the 14 month date") after that date that is fourteen months after the date on which the application was filed under 35 U.S.C. § 111(a) and ending on the date of mailing or either an action under 35 U.S.C. § 132 or a notice of allowance under 35 U.S.C. § 151, whichever comes first.

The present application was filed on December 22, 2000. The 14 month date specified in 37 C.F.R. § 1.703(a) is February 22, 2002. The first PTO action was the Notice of Allowance mailed March 13, 2002. The difference between the 14 month date and the date of mailing of the requirement for restriction is 19 days.

### Period of adjustment under 37 C.F.R. § 1.703

The period of adjustment under 37 C.F.R. § 1.703(a) (6) is the number of days in the period beginning on the day ("the 4 month date") after that date that is four months after the date on which the issue fee was paid and all outstanding requirements were satisfied and ending on the date a patent was issued.

In the present application, the issue fee was paid on January 15, 2004. The 4 month date specified in 37 C.F.R. § 1.703(a)(6) is May 15, 2004. The Patent was issued on April 5, 2005. The difference between the 4 month date and the date of issue of the Patent is 325 days.

Reduction in period of adjustment under 37 C.F.R. § 1.704(b)

With respect to the grounds for adjustment set forth in 37 C.F.R. § 1.703(a)-(e), an applicant is deemed to have failed to engage in reasonable efforts to conclude processing or examination of an application for the cumulative total of any periods or time in excess of three months that are taken to reply to any notice or action by the Office. Any such three month period is measured from the date the notice or action was mailed to the applicant. The period of adjustment set forth in 37 C.F.R. § 1.703 shall be reduced by the number of days beginning on the day ("the 3 month date") after the date that is three months after the date of mailing of the Office communication.

In the present application, a Final Rejection was mailed on July 31, 2002. The 3 month date for this communication is October 31, 2002. A Response to the Final Rejection was received by the December 2, 2002. In response, an Advisory Action was mailed on December 30, 2002 with a period for reply to expire within 4 months from the mailing of the Final Rejection, July 31, 2002. A Request for Continuation (RCE) was mailed via Express Mail on January 30, 2003. Thus, the reduction in period of adjustment, measured from the mailing of the Advisory Action to the filing date of the RCE, under 37 C.F.R. § 1.704(b) is 61 days.

Reduction in period of adjustment under 37 C.F.R. § 1.704(b)

With respect to the grounds for adjustment set forth in 37 C.F.R. § 1.703(a)-(e), an applicant is deemed to have failed to engage in reasonable efforts to conclude processing or examination of an application for the cumulative total of any periods or time in excess of three months that are taken to reply to any notice or action by the Office. Any such three month period is measured from the date the notice or action was mailed to the applicant. The period of adjustment set forth in 37 C.F.R. § 1.703 shall be

reduced by the number of days beginning on the day ("the 3 month date") after the date that is three months after the date of mailing of the Office communication.

Subsequent to the filing of the RCE, a Final Rejection was mailed on February 21, 2003. The 3 month date for this communication is May 21, 2003. A Response to the Final Rejection was filed with a second RCE on August 21, 2003. Thus, the reduction in period of adjustment under 37 C.F.R. § 1.704 is 92 days.

Total patent term adjustment

For the present application, the total patent term adjustment under 37 C.F.R. § 1.703(f) is the period of adjustment under 37 C.F.R. § 1.703 reduced by the reduction under 37 C.F.R. § 1.704. The total adjustment is thus 19 days + 325 – 61 days – 92 days = 191 days.

It is respectfully submitted that in the patent term adjustment determined for U.S. Patent No.: 6,875,952, the term was not adjusted to include the 153 (61 + 92) days for failure to respond within the statutory periods of the above-discussed Final Rejections. Accordingly, reconsideration of the patent term adjustment for U.S. Patent No.: 6,875,952 is respectfully requested. Applicant respectfully requests reconsideration of the patent term adjustment for this patent.

Respectfully submitted,
